

4'S CLASS MARCH NEWSLETTER

We have lots of fun topics to cover in March! We will celebrate National Reading Month by reading some of my favorite picture books and learning about animals and the different habitats where they live. We also have a request out to the fire station about a potential field trip, which we may add into the calendar if they can accommodate us. Continue to check the calendar for the Letter of the Week when it is your child's turn for show and tell. We have had some very creative items, which are helping tremendously with our phonological awareness! Please remember we go outside every day rain or shine and it can still be pretty chilly in the mornings, so continue to send your child with a jacket to keep them warm and dry.

NATIONAL READING MONTH

Monday, March 2nd is Read Across America Day, which kicks off National Reading Month. So, we will begin March talking about authors and illustrators and reading some wonderful, award-winning books. This is a great opportunity to check some books out from the library and snuggle up with your child to read some favorite books together!

POSSIBLE FIRE STATION FIELD TRIP

We are hoping to visit Kirkland Fire Station 24 (across the street from Juanita Elementary). If we can find a date for this field trip, we will take the city bus from Finn Hill to the Fire Station where our students will receive a tour of the fire station and learn about fire safety. **We will most likely need parents to pick up their students at Fire Station 24 a bit early (around 12:30pm).** This field trip is always a highlight for students, as they get to ride the city bus and tour the fire station! I will send out details as soon as I know if this field trip is happening.
