

3+ Class Notes - April 2026

We will start the month of April learning about and celebrating Easter! We will have an Easter egg hunt on Thursday, April 1st. If you are able, I would love and so appreciate a donation of plastic eggs for our hunt! I'm hoping each student can take home a few eggs each. There will be a sign-up sheet at preschool on Tuesday, March 31st. Ms. Laura will have a special seeds class after Easter where we learn more about the Easter story. I hope you all have a wonderful Easter with your family and friends.

After Easter, we will have a week full of fairy tales! We will read some of the classics, as well as some funny spins on the classics. I will be out of town this week (April 7th and 9th) so Mrs. Parpart will be teaching these days. Then the following week is our preschool spring break!

After spring break, we will celebrate Earth Day and then read a fun book called *Eating the Alphabet* where we will try lots of different types of fruits and vegetables! We will have a special art day to round out our month. Please dress your child for a mess that day!

We have a few important dates to remember coming up - the first is **DAD'S NIGHT!** Dads, please mark your calendars for **Tuesday, April 28th at 6:30pm**. This will be a fun evening for dads to bring their students to school where we will work on creating a very special gift for Mother's Day. This will be held in the center room downstairs at preschool.

Dates to remember:

- April 13th - 17th: Spring Break
- Tuesday, April 28th at 6:30pm: Dad's Night
- Thursday, May 7th at 12:15pm: Mother's Day Tea
- Tuesday, May 19th time TBD: Cougar Mountain Zoo field trip

More information will be going out about these events soon. For planning purposes, please note, you must accompany your child to the Cougar Mountain Zoo field trip. Transportation is not provided. The field trip will replace our normal preschool day.

As always, please reach out with any questions or concerns!

Warmly,

Amanda Cendoya
