

Hello 3s Preschool Families!!

I am so excited to welcome you all to the 3s Preschool class at St. John Vianney's. My name is Laura Parpart, and I am the 3s preschool teacher. Joining me as our assistant teachers this year are Linda Kiander-Vidales along with [redacted] on Mondays and Luz Abril on Fridays.

Just a little about myself - I was a former teacher in the Prosser and Lake Washington School Districts. I taught 2nd and 3rd grade and then when my kids were little, I taught kindergarten for several years. I was then lucky enough to be able to stay at home with them as they grew up. I am overjoyed to be in the classroom and working with your little ones now. This will be my ninth year at SJV. I have absolutely loved getting to know all the wonderful families in our preschool and I hope you and your child will feel very welcomed!

I have three children. Gavin is my oldest and works with computers at Pacific Northwest National Laboratories in Seattle. He got married last April and recently bought his first house!! My daughter Caitlynn works as a behavior therapist on the PBMU at Seattle Children's Hospital. She also got married this last July (yes two weddings in one year!). My youngest, Alex, is attending Fire Academy in Quincy, WA with the Grant County Fire Dept in hopes of becoming a firefighter soon. He is living in the fire station and has been very busy this summer! My husband John works as the President of Finance for Corstone Contractors in Snohomish. Our family enjoys camping, hiking, skiing, boating, and being outdoors.

I look forward to seeing everyone at Student Orientation Day. We will look around the classroom, create a fun placemat for the children to use during snack time, and take a picture which I will use for cubbies, nametags, the coat rack, etc. It will be a fun day for the children to meet us and get to know their new friends at preschool!

Please feel free to reach out to me if you have any questions or concerns.

Sincerely,

Laura Parpart
