# Pre-K News

## Hello Pre-K Families!

What a wonderful October we had! The kids are working hard and are doing well learning our classroom routines. Thank you to all the families who joined us at Craven Farms and the dad's pumpkin carving night.

This month we will be spending time learning about St Basil the Great. He was a good example of caring, sharing and being mindful of how to minister to others. We will also be focusing on what we are thankful for.

We will continue to work on writing our names, learning our letter names and sounds, number recognition and pre-reading skills – these will be incorporated into each lesson. Please let me know if you are interested in simple ways to reinforce these skills at home!

Donation Show and Tell: Starting this month we will start a special show and tell. Each week in November and December your child will have a Show & Tell tag attached to their red bag. The show and tell tags will ask that your child bring in a **non-perishable food item (no toys)** in a bag with three clues written on it for the students to guess what it is. It will then be donated to our annual parish/pre-school holiday food drive. However, you can also donate any day and any amount to the boxes outside the classrooms. I will do a demonstration bag/item for the class on Friday October 31st. Please see the calendar for your child's day.

Please remind your child that if they want to play out on the grass during recess, they MUST wear a coat and hood/hat and boots (**with shoes to change into after recess**). The weather is cold and rainy, but we will always go out for recess.

### Dates to Remember:

**November 11th- No School Veterans Day**

**November 23rd – Pre-K Thanksgiving feast @ 12:00.** All are welcome to the feast! I will post a sign-up sheet as it gets closer.

**November 25th-27th– No School Thanksgiving Break**

I'm so excited to spend November with your children! Let me know if you have any questions or concerns!

Sincerely,

Sally Schroedl
